Teach Sounds:

j →

This letter has the sound /j/. We always say the /j/ sound fast.

The > under the j helps remind us we need to always say /j/ fast.

W →

Practice Sound Cards: Add the new sound cards to your collection. **Practice the sound cards for: j, w** + previous sounds the child does not know automatically. Make sure your child follows under the letter with his finger and says the sound correctly

Write and Say Sounds: Have the child write (or trace) each letter. Make sure your child forms the letter correctly and says the sound as he writes. **Please write and say each of the sounds 5 times: j w c g ck k sh + any other sound the child needs to practice.**

Word Making Game: As the child makes words with the sound tiles, ensure he says the individual sounds and uses smooth blending skills. After he completes the word, have him read the word using finger tracking. Correct any errors. **“Please make the word _____”**
